

While creating Organic we listened to the best architect — nature itself.

Organic, cubic form filled with organic shapes, takes its design straight from nature to provide a bit of relaxation in today's stressful world.

The irregular design of the reception desk stimulates the imagination. The spider web with reflecting sunlight, or perhaps cells of a living organism? The natural design is emphasised by backlighting system of fluorescent light. The final impression is completed by the glass top that gives the reception splendor and nobility.

**Soft design attracts attention.**

The modular system allows you to create the reception desk corresponding to your own needs. The stylish design can decorate all the whole front of the counter or it can protrude on the left or right side. White makes the reception desk look fresh and gives plenty of options to arrange the place allowing individual ideas: white goes well with every other color.
