YAN can be personalized to an individual office needs. An accessible array of colors and materials helps to add character to the whole office or to a selected area. Arranging an office with different panels add distinctive style to the office space design.

YAN_C

YAN promotes simplicity combined with a great variety and choice. Apart from many different styled panels, legs and storages there are different solutions for cable management. Combine vertical and horizontal cable organizer options to create a hassle free workspace environment. Each solution is universal for different YAN styles.

YAN represents a line of office furniture which can be very individual and personal and at the same time have the integrating factor with the rest of the office space. YAN has been designed to not only serve multi-station offices, but also for creating professional spaces for managers and directors. Combined with side tables, and partition walls a complete and cozy work environment can be created.
